

About

Juliette Ancelle has extensive experience and in-depth expertise in:

- **intellectual property matters**, including in handling copyright infringement cases, particularly in the software field, but also in advising clients in IP related transactions, trademarks registration and opposition cases, as well as open source cases.
- legal issues relating to **social media**, in particular in managing e-reputation risks and delivering practical and hands-on advice on law-related questions in the use of social media, as well as
- on **privacy issues**, in particular by providing assistance in setting up compliance processes and responding to risks relating to surveillance and other data protection regulations.

She is also highly specialized in **employment law and HR** related legal matters (employment contracts, staff regulation, incentive plans, dismissals, work permits, earn-outs).

She further has a broad experience in **corporate transactions**, including namely venture capital and private equity deals.
