

## About

Mehmet Toral is specialized in corporate and commercial law. He is experienced in supporting financing and M&A projects in Switzerland and abroad, and accompanying high-growth projects through the provision of general counsel services. He has worked for private clients, as well as for entrepreneurs, public companies and international groups.

Mehmet is familiar with a wide variety of areas of economic activity. He advises companies with scientific/technological purposes (clinical research, biotechnologies and computer science), financial companies (banks, wealth managers, fintech companies), and industrial companies (sale and acquisition of factories in Switzerland and abroad).

Mehmet speaks and works in English, French and Turkish.
